Proposed Study Plan

UVic International Centre for Students Exchange Program

We ask you to complete this document to help you plan for your exchange; it does not represent your final course registration or exchange credit equivalency.

NOTE: The availability and content of courses offered by any university could change and you may have to adjust your academic program accordingly.

TIP: Before completing this Proposed Study Plan, it is helpful to review your academic program. Please contact your Academic Adviser to review your **CAPP** report (or academic plans, if undeclared). The CAPP report outlines the program requirements needed to complete your degree. This information should help in the selection of courses at the host university.

Student Name:	**Student No.**
Host Institution (first choice only):	
Courses of Interest at Host University:	
Example 1 BIO 317.1 Wildlife Biology	
Example 2 HE 3005 Environmental Economics
