Title: Saunders Workshops 1 & 2 - Seismic Upgrade - Workshop Access

Location: Saunders Workshop #1

Description: The Saunders Workshops are undergoing seismic upgrade work. FMGT staff previously located in Workshop #1 (Grounds, Electrical, Carpentry, Painting shops) have been relocated. The project construction contract has been awarded, and the Contractor has commenced work on Workshop #1. The Workshop buildings contain hazardous materials. The Contractor is responsible for securing, isolating, containing and abating the hazardous materials where these may be disturbed by the upgrade work.

Access to Workshop #1 during the hazmat operations will not be available. Access may be available after completion of hazmat operations - but only by prior request, if required in order to attend to urgent matters. Please route any requests for such access to the Project Manager.

Time frame: August and September, 2017
