

Graduate Student Research/Policy Internships

A unique opportunity for ELPH knowledge user (KU) partners to submit proposals for a short-term graduate student internship to undertake a project related to the promotion of health equity or reduction of health inequities. Proposals related to Healthy Minds/Healthy People: A Ten-Year Plan to Address Mental and Substance Use in BC related to prevention of harms of substance use are encouraged.

Eligibility

Knowledge user partners who are affiliated with the ELPH program of research are welcome to submit a proposal. See www.uvic.ca/elph for more information about ELPH.

Application

Two-page description of a plan for the graduate student internship including purpose, objectives, identified KU and academic research leads, timelines and deliverables.

The application deadline for this round is: **January 30th, 2015.**
