

## FACILITIES MANAGEMENT

Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

---

**Title:** Fraser Loading Dock - Heat Plant Construction

**Location:** Fraser Building

**Description:** Construction will begin on the Fraser Building Heat Plant. This work is located within the loading dock access route and will consist of excavation and preparation for the upcoming concrete work.

Access to the Fraser loading dock will be closed for the duration of work. The Fraser Building main entrance will remain open for all faculty, staff, and students.

There will be increased noise levels as the work takes place.

We apologize for the inconvenience.

**Time frame:** Friday, October 27, 2023 to November 30, 2023
