Facilities Notice

Title: Mechanical Repairs to Supply Fan #2

Location: Medical Science Building

Description: Facilities Management Mechanical and Electrical Shops will be making repairs to Supply Fan #2 in the Medical Sciences Building. These repairs will affect airflow in the labs on the second and third floor of Medical Sciences Building.

This work requires the supply fans, supplying the second and third floors, be shut down affecting ventilation, and heating for the duration of the work.

Fume hoods advisory:

The fume hoods are not expected to be affected with this shutdown.

Time frame: Wednesday, August 12, 2015 between the hours of 7:30 a.m. and 4:00 p.m.

Facilities Management contact: John Beaulac, Mechanical Shop Supervisor
