Facilities Notice

Title: Elliott South Roof Ballast Removal

Location: Elliott Building Main Entrance, East Side (see attached sketch)

Description: Facilities Management and Universal Sheet Metal will have a vacuum truck set up to the east of the main entrance to remove old ballast from the lab wing roof (see attached sketch). This will be a rather noisy undertaking.

There should be no access to the lab wing roof during this period.

The equipment will be set to the east side of the Elliott main entrance, as shown in the attached sketch. Please ask your people to respect the directions of safety officers and signage during this activity.

Time frame: Monday and Tuesday, July 31 and August 1, 2017,
from 7:00 a.m. to 4:30 p.m. approximately
REVISED Work is now scheduled to be completed by end of day
Thursday, August 3rd, 2017
