

FACILITIES MANAGEMENT

Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

| | |
|-----------------------|--|
| Title: | Medical Science Building 310 Multi-Purpose Lab Renewals - Materials Testing |
| Location: | Medical Science Building – Room 310 |
| Description: | Facilities Management Environmental Health and Safety Coordinator will be taking pre-construction materials sampling as required for the above project. Workers will be wearing personal protective equipment including respiratory protection while collecting the samples in accordance with WorkSafe BC safe work practices. Dust control techniques will be utilized to prevent the risk of materials being tested becoming airborne and dispersing. |
| Time frame: | Tuesday March 7, 2023 - 1:00 pm to 2:30 pm |
