Title: Fraser Building Access

Location: Fraser Building – Loading Dock Access Walkway

Description: **The Fraser Building remains open.**

Early morning construction activities resulted in blockages to the normal building access walkway. UVic Facilities Management had not been made aware this work was taking place today.

A temporary plywood walking surface has been installed to maintain access/egress. Construction equipment has been relocated to allow a safe travel path.

This work should be complete by end of day.

We appreciate your patience.
