Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

Title: Petch Building – All Gender Single-User Washroom Renovation
Electrical Panel ME-2 Shutdown

Location: Petch Building – Room 199a

Description: Facilities Management (FMGT) and Aral Construction and Belltech will be shutting down an electrical panel (panel ME-2) in the Petch 199a as part of the all gender washroom renovation in Petch 166/167.

The shutdown will impact power receptacles in **163-167, 168, 168a, 169, 170, 197, the loading bay, lobby receptacles and auto door operator and corridor receptacles**. Please power down all equipment in these spaces by the end of the workday on January 22, 2024. Phones do not need to be disconnected.

Please note: FMGT does its due diligence in determining what spaces will be impacted but the shutdown however there is a small risk that other spaces may be inadvertently impacted. Please plan your research activities and use of sensitive equipment accordingly.

We apologize for any inconvenience this may cause.

Time frame: Tuesday, January 23, 2024 from 6:30 am to 7:30 am
approximately
