Title: Engineering Expansion Project – Electrical Room Concrete Coring

Location: Engineering/Computer Science Building (ECS) Electrical Room – Level 1

Description: In support of the Engineering Expansion Project, Bird Construction will be coring through concrete in a single location in the ECS Level 1 Electrical Room.

Although noisy, this work should only last approximately 15 minutes.

All attempts will be made to complete work before classes are in session.

Time frame: Tuesday, March 26, 2024 – early morning
