Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

Title:	Engineering Expansion Project – Construction Schedule / Noise Vibration
Location:	ECS, ELW, EOW
Description:	<p>Engineering Expansion site work currently underway by Bird Construction includes underground utility work and soil compaction, as well as soil anchor installation. This work has been occurring at nighttime due to UVic’s exam schedule; however, starting Monday April 29, this work will switch to a daytime construction schedule.</p> <p>Work will be occurring between 7am and 5pm. Evenings will be free of noise and vibration for student research experimentation taking place in adjacent labs.</p> <p>Please be advised that daytime work may have both a noise and vibrational impact to the Engineering buildings adjacent to the construction site. Soundproofing has been installed on ECS lecture theatre windows and hoarding wall as a mitigation measure for in-session classes.</p>
Time frame:	Starting Monday, April 29, 2024, Monday to Friday, 7:00am – 5:00pm (Soil Anchor installation estimated as 8 weeks to completion)
