Facilities Notice

Title: Exhaust System Shut Down – Fume Hood Advisory

Location: Elliott Building

Description: Facilities Management Mechanical Shop will be carrying out maintenance on the exhaust fans in the Elliott Building. This work will affect the fume hoods on the second and third floors. In order to safely carry out this maintenance the exhaust systems must be shut between 07:30 am and 04:00 pm.

Be advised all staff and students are **not** to use any **fume hoods** in the Elliott Building during this time.

Time frame: Friday, June 27, 2014 between 07:30 am and 04:00 pm.
(Approximately 7 ½ hours)
