Greek 102: Introductory Ancient Greek II

Spring 2025 MTWTh 2:30-3:20 p.m. Professor Laurel Bowman

Greek 102 is the second instalment in the ancient Greek sequence. The course introduces the intermediate grammar and vocabulary necessary to read ancient Greek, and features readings adapted from a variety of ancient Greek authors.

Learn:

- a Greek vocabulary of about 300 words
- intermediate Greek grammar
- intermediate Greek reading skills
- historical and cultural contexts of ancient Greek

Prerequisite: Greek 101, or permission of the department.
