PHILOSOPHY 331 A01

Issues in Biomedical Ethics

Spring Semester, 2018

Instructor: E-H. W. Kluge Office: CLE B313 Phone: (250)721-7519 e-mail: ekluge@uvic.ca Office Hours: Monday 1130 - 1220 hrs Thursday 1130 - 1220 hrs. and by appointment.

Text: Eike-Henner W. Kluge *Ethics in Health Care: A Canadian Focus*. (Pearson: Toronto, 2013) Slides will be posted on CourseSpaces as appropriate.

Formal Course Requirements and Grading Procedures

Since this course deals with practical issues on the interface of theory and practice, emphasis will be placed on demonstrated understanding and mastery of the ethical concepts and reasoning in their application to various actual cases. This understanding will be tested through formally scheduled examinations: two mid-terms and a final examination. The first mid-term examination is 60 minutes long, the second is 80 minutes long and the final examination is three hours in length. The first mid-term examinations is worth 20% of the course grade, the second is worth 30% of the course grade and the final examination is worth 50%. Those who have taken (and received a grade for) both mid-term examinations have the option of having the final examination count for 100% of their course grade. Students who choose this option must write 100% on the front of their exam booklet before handing the exam in. Once they have left the exam room, this option is no longer open to them. The examinations are cumulative in the material they cover. Students are allowed to bring any notes they have authored themselves into the examinations. Examination should be written in ink, not pencil.

Significant dates:

- Mid-term examination #1: app. Feb 1
- Mid-term examination #2: app. March 5
- Final examination: scheduled by the university

Exceptions from course requirements, adjustments for taking examinations at set examination dates, etc. will only be made in accordance with UVic regulations as published in the Calendar. It is the responsibility of the students to acquaint themselves this fact and the relevant dates. The mid-term examinations will be returned as soon as they are graded. Final examinations are the property of the University and will not be returned. They are available for viewing at the Records Office at a time designated by the University.

Grading:

Grades will be assigned on a percentile basis with letter grade equivalents as follows: F=0-49;

D=50-59; C=60-64; C+=65-69; B=70-72; B=73-76; B+=77-79; A=80-84; A=85-89; A+=90100. The criteria for assigning grades may be found in the University Calendar. Students are encouraged to discuss their examinations with the instructor.

Inappropriate behaviour and contraventions of academic integrity

Inappropriate behaviour and violations of standards of academic integrity as defined in the University Calendar will be dealt with in accordance with University Regulations.

TENTATIVE OUTLINE OF LECTURES AND DISCUSSIONS

1. Introduction

2. Ethical Theory

Assigned reading: Chapters 1 and 2

- A. Meta-ethics
- B. Ethical theories used in health care

C. Codes of Ethics

CMA Code available at http://policybase.cma.ca/dbtw-wpd/PolicyPDF/PD04-06.pdf

3. Health Care Professional—Patient Relationship Assigned reading: Chapter 3

- A. Types of relationships
- B. Relevance and ethical analysis
- C. Emerging Issues

4. Informed Consent and the Competent Patient

- A. Types of Consent
- B. Advance Directives (Complete Representation Agreement Act available at http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/00_96405_01
- C. Standards of Disclosure and Standards of Comprehension
- D. . Exceptions

5. Substitute Decision Making

- A. Competence / Capacity
- B. Duly Empowered Substitute Decision Makers C. Substitute Decision Making and Values
 - Complete BC Infants Act available at

http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/00_96223_01_

Mid-term # 1 (app. Feb. 2)

Assigned reading: Chapter 5

Assigned reading: Chapter 4

6. Research Using Human Subjects

A. Human |Experimentation: Nature and Rationale

B. Consent in Experimentation

C. Tri-Council Guidelines

- Complete Tri-Council Policy available at

http://www.pre.ethics.gc.ca/pdf/eng/tcps2/TCPS_2_FINAL_Web.pdf

7. Right to Health Care

- A. Definition of "Health" and its Implications
- B. Health Care as a Right vs. Health Care as a Commodity
- C. The *Canada Health Act* and Significant Developments Romanow Report, available at

http://publications.gc.ca/site/archiveearchived.html?url=http://publications.gc.ca/collections/Collection/CP32-85-2002E.pdf

8. Allocation of Medical Resources

- A. Macro-Allocation
- B. Micro-Allocation
- C. Special Issues

9. Personhood and Death

A. The Concept of Death

B. Criteria for the Determination of Death

Mid-term # 2 (app. March 2)

10. Assisted Suicide and Euthanasia

- A. Assisted Suicide
- B. Killing vs. Letting Die
- C. Arguments For and Against Euthanasia

11. Abortion

- A. The Status of the Human Embryo/Fetus
- B. Arguments For and Against Abortion
- C. Ethical relevance of Methods of Abortion

12. The Right to Have Children

- A. Ambiguity of the Concept
- B. Arguments For and Against the Right to Have Children
- C. Surrogate Motherhood and Related Issues

Assigned reading: Chapter 8

Assigned reading: Chapter 7

Assigned reading: Chapter 11

Assigned reading: Chapter 10

Assigned reading: Chapter 7

Assigned reading: Chapter 6

Assigned reading: Chapter 9

13. Biotechnology

A. Ectogenesis

B. Cloning

C. Genetic Engineering, Etc.

Assigned reading: Chapter 12
