### WHY SHOULD I JOIN ASTM?

At ASTM International, producers, users, consumers and others from all over the world join together to develop voluntary consensus standards. We harness the expertise and commitment of 30,000 ASTM members who hail

from more than 140 countries. The work of our international members makes products and services better, safer and more cost effective. It brings benefits for manufacturers and corporations, as well as increasing accessibility, reliability, diversity of choice and performance for the products we all buy.
