An introduction to using the Cultural Consultation Model: An approach to mental health diagnosis and intervention with refugees and minorities

Thursday, February 2, 2017

3:30 – 4:30 pm

Location MAC D288

Free and open to all!

Abstract: The Cultural Consultation model is a means of exploring individuals' complex cultural backgrounds in order to inform case conceptualization and treatment planning. In this presentation, Dr. Guzder will share guidelines and strategies for applying a cultural lens to improve diagnostic assessments and clinical interventions.
