

Annual General Meeting of the UVic Retirees Association

Membership Report for 2009-2010

Membership numbers continue to be in the 325 mark for 2009.

Human Resources reported 17 employees eligible for retirement of these only 4 joined the Association.*

16 other retirees joined in 2009 making a total of 20 out of a possible 33, above our average.

We also had 5 associate members join in 2009.

By members employee group retirees were 8 out of 11, CUPE 951; 0/2 CUPE 917; 5/8 PEA; 4/7 Fac.; 2/4 Exempt; and 1/1 Library.

* It should be noted that we have several of those reported as retiring in 2009 in our 2010 membership roles therefore we will be looking at means of capturing them sooner.

Once again Masterminds is one way these new members are drawn to membership and we feel that the web-page will be the next best advertiser.

My thanks to the Executive, membership and others for their support,

Respectfully submitted,

George M.Smith

Chair
