

Proposal

Appoint Dr. John Gunton as an Honorary UVRA Member

Dr. John Gunton, joined the UVRA Elder Academy Program Committee in 2018. He has done an exceptional job on this committee obtaining first class speakers. He has served as Interim Chair in 2018 and 2019 and stepped into the position of Chair of the committee in 2020.

He is a retired businessman, consulting geologist who obtained a PHD in geochemistry at Queens University. His career has spanned 40 years of exploration for and development of hydrocarbon resources around the world. More recently he formed a private company (in collaboration with the Institute for Integrated Energy Systems) to develop a technology capable of generating electrical power from ocean waves.

The UVRA Board of Directors recommends the appointment to recognize his contributions to the Elder Academy Program Committee.
