

## **University Club**

After surviving the worst of the coronavirus restrictions relatively well, the Club board was served with the resignation notices of the office staff in the early Spring, as the persons involved sought more remunerative positions elsewhere in the highly volatile restaurant business. Fortunately, the former General Manager, Dan Angus, was able to step in temporarily at short notice and, with the assistance of some key replacement staff members, has been able to put the ship back on an even keel. weekend bookings for weddings etc. are solid through the summer, and restaurant and take-out dining continue, with the excellent menus of chef Jean Bertin.
