

University of Victoria Retirees Association

Communications Committee report to 2017 AGM

At this time, there is nothing much to say that you have not already received, either by E-mail or by Canada Post over the last 12 months, such as announcements and reminders from the UVRA Events Committee, *Grey Matters!* newsletters, reminders about *Masterminds*, notices of the UVRA Elder Academy events, reminders about the Christmas lunch, the Chinese New Year lunch, and calls for volunteers to participate in UVic-approved research projects.

Thanks must go to John Anderson, for becoming the Editor of *Grey Matters!* and to Louise Schmidt, for printing over 60 copies of each issue, for delivery via Canada Post to those for whom we do not have an E-mail ID.

Note: if you are receiving *Grey Matters!* via Canada Post in black-and-white, and you would like to see it in glorious colour, instantly delivered via E-mail, just tell us in an E-mail to 'uvra@uvic.ca'.

Work is still progressing on a complete "refresh" of the UVRA web-site, but not at the pace that is "optimal" – retirees are busy people, with distractions such as gardening, the Stanley Cup, grandchildren, or volunteering for the UVRA.

Thank you,

Melvin Klassen,
Chair of Communications Committee,
UVic Retirees Association
