

PoND Feedback Form

Participant feedback on the CREATE PoND program will be an important element of our regular reporting to NSERC and will also help us to improve the program for all involved. Principal investigators (PI) and students participating in PoND will therefore be asked to complete this form annually (in January). This form will also be available on the PoND website for anyone who wishes to fill it out at any other time. Once filled, please email the form back to the PoND Program Coordinator (pondcoord@uvic.ca)

Please check the appropriate box regarding the confidentiality of the information

Do you agree to disclose your name? If you check “yes” your name may be associated with this feedback in reporting to the PoND Program Committee or NSERC.

Yes No

Name (leave blank if you checked “No” above):

With respect to your experience with PoND, please answer the following questions.

- 1) Explain with examples your experience with interdisciplinary training. What advantages did you find in this training? In your opinion how can it be improved?

2) Explain your experience with courses and modules offered in PoND program. Use examples if applicable. What are the pros and cons of the courses and modules offered?

3) Explain your experience with the PoND administrative structure. Please point out positive aspects and aspects that require improvements.
